

## Integrated Approaches to Restoration in Grasslands

**BISON REINTRODUCTION**  
- Restoring a grazing regime  
- Plains bison conservation  
Contribution to E.I. and V.E.

**EXOTIC SPECIES MANAGEMENT**

- Overall assessment
- Prevent new invasions
- Control/eliminate priority species

Based on partnerships and IPM

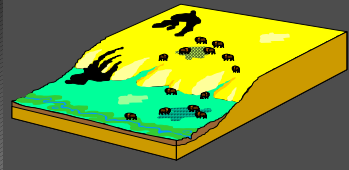

## FIRE USE FOR RESTORATION

- Achieve ecosystem mgmt objectives
  - Incremental approach
  - Adaptive management
- Consultation/acceptance by stakeholders

### Grassland Fire Ecology

Grazing Animal Distribution  
- "Shifting Mosaic" model

## NATIVE PRAIRIE RESTORATION

- Large scale
  - Successful establishment
  - Ongoing support
- Partnership with stakeholders
